

CHRISTMAS AT THE MOVIES

As we embark on our Christmas journey, we're invited to explore the profound doctrine of the incarnation through the unexpected yet familiar narratives of classic Christmas films. Just as these movies offer us glimpses of truth in the midst of tinsel and popcorn, the Christmas season reveals the radical nature of God's love for us—love so deep that it took on flesh and dwelt among us. Our Bible study readings are designed to complement this cinematic exploration, diving into the traditional Advent themes of Hope, Peace, Joy, and Love, and illuminating how they are intricately connected to the story of God's redemptive plan.

In a world that often commercializes and sentimentalizes the Christmas season, this Bible study aims to ground us in the awe-inspiring reality of the incarnation. Each week, we'll engage with six scriptural passages that delve into the essence of Hope, Peace, Joy, and Love, as manifested in the life of Jesus Christ. As we reflect on these readings, let's open our hearts to the unexpected ways God is still working for the redemption of all people. May this season deepen our understanding of God's true heart and prepare us to fully embrace the miracle of Christmas.
